

Key Features Homework II

1. Graph:
 $f(x) = -3|x|$

x	f(x)

2. Find $g(-3)$

3. Find x when $g(x) = -6$

4. Draw a Sketch of Each Type of Graph:

Linear:

Parabola:

Absolute Value:

Square Root:

5. Draw a graph that is increasing, then decreasing, has x intercepts of -9 and 1 , and a y intercept of 4 .

6. Draw a graph that is increasing with a changing slope and has a y intercept of -8 .

7.

Domain:

Range:

8.

Domain:

Range:

9.

Domain:

Range:

10. A sanitation company charges a \$10 weekly fee plus \$4 per bag of garbage. They only allow up to 5 bags of garbage for a household.

a. Write a rule in function notation for this situation.

b. What is a reasonable domain and range for this situation?

11. The American Red Maple tree grows approximately 4 feet per year until they reach a maximum height of about 20 ft.

a. Write a rule in function notation for this situation.

b. What is a reasonable domain and range for this situation?

12. A bakery has 320 ounces of bread dough. A machine will cut the dough into 5-ounce sections and bake each section into a loaf every minute.

a. Write a rule in function notation for how much dough is left to bake.

b. What is a reasonable domain and range for this situation?
