### Study Reflection: Functions

1) First, complete the last station from class, and then grade it with a different color using my website: **lischwe.weebly.com**. Write a short reflection on how you did on this station and all of the other stations. Which stations were easier, which were harder, and why, etc.

2) Study for your quiz using at least **TWO** of the methods listed below. **Write a reflection on each method you chose and why it was helpful for you.** Use the back if necessary.

- Visit **lischwe.weebly.com** and rework problems from the PowerPoints
- Teach a relative and/or friend what you learned
- Rework missed homework questions
- Make up your own problems and solve them (make sure they are appropriate difficulty)
- Find function problems in the textbook and do them
- Read over and study your notes
- Come to tutoring at lunch
- Other: \_\_\_\_\_

Method A:

Method B:
